

IS IT A **CERTIFIED** COMPOSTABLE PLASTIC?

If it looks like it contains plastic, it must be a certified “bio-plastic” to be safe for soils.

Products that appear to contain plastic must be certified compostable by the following certifications:

COMPOSTABLE
IN INDUSTRIAL FACILITIES

ASTM D6400

ASTM D6868

These do **NOT** mean compostable:

BIODEGRADABLE
MADE WITH RECYCLED MATERIAL
MADE FROM PLANTS
MADE FROM PLANT STARCH
OXO-DEGRADABLE
NATURAL
BIO
ECO
ECO-FRIENDLY
EARTH-FRIENDLY
GREEN
CERTIFIED GREEN
